Mountain Stations Custodians,

I came accross the news that you and other internationally renowned ski stations are remodelling due the world climate emergency.

I'm writing as a specialist consultant of the United Nations Environmental Programme (UNEP) Faith for Earth and the Interfaith Rainforest Initiative (IRI) residing in the Chile Pucón vulcanic skiing area to share some best practices I came accross in my decades of experience for your consideration in this difficult moment, licensed under Creative Commons Attribution Share-Alike (CC BY SA) 4.0, so please distribute it to our other mountain friends who may help the common good with it:

- Eco Prod Audiovisual Sustainability Resources.
- EcoVadis Sustainable Procurement Resources Policymaking.
- Ethical Fashion Initiative (EFI) Charter.
- Euromontana Climate Change Adaptation in Mountain Areas.
- European Agency for Logistic Services (CLECAT) Best Practice Handbook.
- European Local Governments For Sustainability (ICLEI) Urban Metabolism Guide.
- Faith & Common Good Greening Sacred Spaces Guidelines.
- Fossil Free Banking Alliance (FFBA) Banks Database.
- Global Network for Observations and Information in Mountain Environments .
- Global Partnership for Sustainable Development Data (DATA4SDGs).
- Global Sustainable Futures Network (GSFN).
- Grass Skiing and Mountainboarding.
- Green Roofs.
- Indigenous Reforestation Programs.
- Intenational Endowments Network (IEN) Sustainable Investing Guidelines.
- Interfaith Center for Sustainable Development (ICSD) & Yale Forum on Religion and Ecology (FORE) Resources.
- International Association For Soaps, Detergents And Maintenance Products (AISE) Sustainable Cleaning Resources.
- LogCluster Green Logistics International Standards.
- OECD Strengthening Climate Resilience in Mountainous Areas Guidelines and Going Green Best PracticesFor Sustainable Procurement.
- Reforestation Ecotourism Migration.
- Reframing Social Sustainability Reporting.
- Regenerative Agroforestry International Network (RAIN).
